Redlined text of Findings of Fact 8 and 9

8. Along with its proposal for the new Schedule 3, APS also submitted the transition plan describing how this new Schedule 3 would be implemented. APS proposed that all those applicants who have executed line extension agreements as of the effective date of this Order would be "grandfathered" into the Schedule 3 in effect at the time the agreement was executed. Staff agrees with APS' proposal.

Deleted: that this revised Schedule 3 is approved

Deleted: old

9. APS provided two options that would allow for additional grandfathering. Applicants that have not executed a line extension agreement could be "grandfathered" if they meet both of the following conditions: (1) such applicant has received from APS, within six months prior to the effective date of this Order, a written estimate of the costs to the applicant for extending service; and (2) that same applicant executes a written line extension agreement within 12 months of the effective date of this Order. A variant on this option would have the 12 months run from the date the written estimate is received by the applicant, which would give each applicant the same amount of time after having received an estimate from APS to execute a line extension agreement. Staff recommends the Commission approve the first alternative.

Deleted: approval of revised Schedule 3

Deleted: the revised Schedule 3
